OVERWHELMED

Burlington High's Crippled Team Defeated by Spaulding, Score of 57 to 6

HOME TEAM PLAYED  
AGGRESSIVE GAME

Visitors' Score Was a Pure Gift, a Player Simply Falling on the Ball

The Burlington high school football team which held Spaulding to a tie game in Burlington at the first part of the season was overwhelmingly defeated here by Spaulding yesterday afternoon on the Lincoln campus, and it is not been for a while in the game the visitors would have been entirely shut out. The score, as it stood, was 57-6.

Burlington's touchdowns were made without the least resistance on the part of Spaulding. From a kick-off in the second period from Burlington to Spaulding the ball bounded to the end zone and, to prevent the ball from rolling over the steep bank at the edge of the field, a red and blue player touched the ball with his foot, though he had neglected to fall on it, preferring another kick-off. A Burlington player, however, fell on the ball, making it a legal touchdown. The goal kicker failed on the last good chance to make a tally. This play rather dumfounded both the home team and the adherents, but nevertheless it was a touchdown.

Within half a minute from the first kick-off by Burlington, Spaulding had fastened securely seven points of the 57, on a long pass from Smith to Right End Greig. And from that time on they just simply caught the ball and ran, making gains around end time and time again. Greig's first run started from the 40-yard line. He had a good start, he dashed off the 90 yards unmolested. Soon after he received another long pass for the second touchdown after a 30-yard run.

Fullback Denmore made one of the cleverest runs of the game in the first period also. Burlington, having failed to make the down, punted. Denmore caught the ball and dodged through 38 yards of players before being stopped.

Halfback Brown probably covered more ground for gains than any other man during the game. He made an approximate gain of 94 yards in five separate runs. Twice he carried the ball over the goal line by taking a course around left end and with good interference easily outstripped his competitors. The first of these touchdowns was made from the 13-yard line and the second from the 20-yard line.

With him again playing at right half, McMahon at right guard, Lowelly Denmore back again on left end, and Greig at right end, together with the other regular players, Spaulding had the best team she has had on a field this year.

On the contrary, Burlington's lineup was greatly weakened with the loss of several of the best players within the past week. Charles Tinsley, the crack halfback, sustained in practice last week a broken shinbone and is out for the rest of the season. Shufeldt, the left end, considered the best lineman of the team, was kept from the game by reason of school rules. Fullback K. Isham was out because of a broken arch, and Whitney, the fighting right guard, received injuries to his left knee in yesterday's game that forced him to leave the field, unquestionably for the remainder of the season.

Regardless of the odds, the Burlington team displayed excellent spirit and sportsmanship, for, though they were outclassed in playing, they fought to the last. Their line was weak and crumbled quite often before Spaulding, especially to McMahon. In more than one instance McMahon could be seen breaking through the line, oftentimes causing the runner to lose several yards. In the latter part of the contest he was shifted from the line to fullback and filled this position as ably as on right guard.

Grinder, who is a new man at left end on the Burlington lineup, made several pretty tackles and worked well around the end position. Captain Scott acquitted himself in a most creditable style, breaking through lines and tackling. Left Halfback Beaulieu of Burlington, a cousin of the Spaulding right halfback, proved a battering ram against the home team and his playing was the most conspicuous of the visitors, even though he too is a green man at the game.

Shortly before the last whistle blew the Burlington team was in the shadows of the Spaulding goal posts when a punt was attempted. Center O'Keefe of Spaulding broke through the interference and blocked the punt. In trying to pick it up O'Keefe forced it over the line, where Bradley fell on it for the last touchdown. The lineup:

LADIES! DARKEN  
YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know.

The use of sage and sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.—Adv.

LYNCHED MAN  
IDENTIFIED

And Ernest Everett's Room Showed Evidences of I. W. W. Identification

ONE OF ARRESTED  
PERSONS IS WOMAN

Military Funeral Is Being Prepared for 4 American Legion Men at Centralia

Centralia, Wash., Nov. 13.—The man who was lynched here Tuesday night after four members of the American Legion had been shot and killed during an armistice day celebration, was identified early to-day as Ernest Everett by a woman who conducted the rooming house where Everetts lived. He was working here as an I. W. W. organizer, the woman said.

This identification was partly borne out when the police went through effects found in the rooms occupied by the man. These included receipts for Industrial Workers of the World literature and blank receipts for membership dues in the I. W. W., according to the police. The body had been previously identified as that of "Red" Smith, secretary of the local branch of the I. W. W.

Criminal informations against 26 alleged members of the Industrial Workers of the World have been prepared for filing to-day with the county clerk. All informations, it was understood, alleged either participation in or criminal knowledge of the killing of four members of the American Legion.

Of the 26 alleged members of the Industrial Workers of the World in jail, one is a woman. She was manager of the lodging house from which the fatal shots are alleged to have been fired at the marching legionnaires.

Further indication that federal prosecution awaited those accused of complicity in the shooting was contained in a statement made by Robert L. Saunders, United States district attorney.

"In my judgment the I. W. W. have gone far enough with their acts to emphasize the truth that their principle is the overturning of the government, including the federal government," Saunders was quoted as saying. "If this is so and can be established by the evidence, every individual I. W. W. is guilty of that crime."

"I shall place charges against every one of the men arrested. The complaint will be placed before the United States commissioner at Tacoma and I believe that my evidence will be conclusive enough to hold all of them for the federal grand jury."

The local post of the American Legion has made plans for a military funeral to-morrow of the four former service men killed during the parade. Resolutions demanding drastic action by state and federal authorities against radical organizations have been adopted by American Legion posts and other organizations in many Pacific coast cities.

Through its commander, the Yakima post sent a telegram to Senators Wesley Jones and Miles Polindexter, demanding that steps be taken immediately to "enact proper legislation to exterminate the Industrial Workers of the World and other radical organizations inimical to the government."

## ARE YOU DISAPPOINTED

often by not feeling well enough to attend some social gathering, or to keep an appointment, on account of an attack of indigestion? Such experiences cause disappointment, don't they?

You can ward off these attacks, and keep your stomach and digestive organs healthy by taking SEVEN BARKS, Nature's remedy of notes and herbs. When the stomach is out of order, the liver not working properly, or the bowels are sluggish, a few doses of SEVEN BARKS will stimulate the liver, regulate the flow of bile, expel distressing acids and dangerous poisons, and quickly restore you back to good digestion and normal health.

Stomach disorders are the direct cause of nearly all the ailments that affect the human system, and make life a burden, instead of a pleasure.

Digestive trouble also spoils beauty, robs you of sleep, makes dark rings around the eyes, and ruins the complexion. Let SEVEN BARKS digest your food and tone your stomach, then you may eat what you like and bright eyes will soon return.

Ask your druggist for SEVEN BARKS. If he does not happen to have it, he will get it for you. Accept no substitute. PRICE, 50 cents.—Adv.

Not a Bite of  
Breakfast Until  
You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps you fit.

Just as coal, when it burns, leaves behind incombustible ashes, so the food and drink taken day after day leaves in the alimentary canal indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infect the bowels. From this mass of left-over waste, toxins and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before breakfast each morning drink a glass of hot water with a teaspoonful of limestone phosphate in it to wash out of the bowels the previous day's poisons and toxins, and to keep the entire alimentary canal clean, pure, and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.—Adv.

ANTI-WHISKEY  
LAW ATTACKED

During Suit to Test Constitutionality for the Kentucky Distillers

INJUNCTION SEEMS  
TO BE PROBABLE

In the Court Conducted by Judge Evans at Louisville

Louisville, Ky., Nov. 13.—The war prohibition and prohibition enforcement acts were attacked again in Judge Evans' federal court here to-day, the second day of arguments in a suit to test their constitutionality. The suit was brought by W. Marshall Bullitt, Louisville, on behalf of the Wright and Taylor and the Brown-Forman Distilling companies of this city, and seeks to prevent government interference with the sale of nearly a million gallons of tax-paid whiskey owned by the companies.

Judge Evans declared from the bench yesterday that he was "firmly of the opinion" that the war prohibition is unconstitutional and indicated a disposition to grant an injunction restraining the government from interfering with the sale of the whiskey known as floor stock, owned by the companies.

In a similar suit recently Judge Evans declared the war prohibition act unconstitutional and granted an injunction to the Kentucky Distillers and Warehouse company forbidding interference by the government with sale of approximately 60,000,000 gallons of whiskey owned by the plaintiff. This case was appealed to the United States supreme court and, according to announcement, a hearing will be held on it some time next week, probably on Nov. 20.

Granting of an injunction in the present suit would permit sale of tax-paid whiskey by the two companies. However, according to announcement by District Attorney Gregory, "if the supreme
